

## AMBER HONEY FACIAL SCRUB

"HONEY VANILLA WITH AQUAXYL™"

A gentle exfoliating scrub that uses Amber granules, Honey and Vanilla with jojoba seed oil. This aromatic treasure with a pine resin scent is a pleasure to the senses that leaves your skin feeling soft, smooth, totally rejuvenated.

Amber based cleansing scrub consists of a proprietary combination of three key components plus a blend of several active ingredients. An organic gem that originated 45 million years ago in the trees of ancient forests in Europe, these exfo-amber crystals are the only vegetable precious stone in existence. This natural amber crystal scrub is also non-comedogenic, so it won't clog your pores. It also contain no parabens or other harmful chemicals such as estrogen.

Perfect for Spas and other sensual treatments, it also helps provide important Glycosaminoglycans to moisturize, and Magnesium Glucomate to restore essential minerals.  
50ml. / 1.66 oz. \$42.00

## ingredients and benefits:

Purified Water (Aqua), Exfo-Amber, Cetearyl Alcohol, Simmondsia Chinensis (Jojoba) Seed Oil, Coco-Glucoside, Mel (Honey), Sodium Cocoyl Apple Amino Acids, Xylitylglucoside, Anhydroxylitol, Xylitol, Magnesium Gluconate, Vanilla Planifolia Fruit Extract, Phenoxyethanol, Ethylhexylglycerin

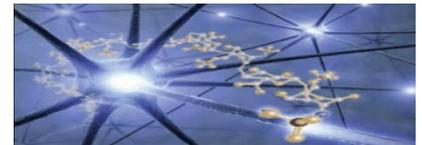

- Amber Crystals: Provides a mild exfoliation.
- Honey And Vanilla moisturizes the skin.
- Glycosaminoglycans are tiny, positively charged mucopolysaccharides complex, hygroscopic proteins, absorb, restore and bind moisture like minute sponges deep into the epidermal and dermal layer of the skin.
- Magnesium Glucomate: Delivers a beneficial mineral, stimulate the synthesis of collagen boosting amino acid.
- Jojoba Seed Oil: Hydrates and moisturize the skin.
- Apple Amino acid: use as a surfactant.

Honey and Vanilla provide a sensational fragrance with moisturizing benefit.

Amber particles exfoliate the skin and provide a pleasurable pine resin scent.

Glycosaminoglycans help the skin restore and balance moisture content.

Magnesium Glucomate helps stimulate the synthesis of collagen boosting amino acids

**Amber Honey Vanilla Cleansing Scrub uses Amber as the exfoliating ingredient.**

*Despite what most people believe, Baltic amber isn't a stone. It's a hardened fossilized tree resin that dripped down to the ground from the trunks of now-extinct trees millions of years ago. The resin was eventually unearthed and used by humans for healing and metaphysical purposes, as well as scientific studies because of its unique physical and chemical characteristics. This makes it an excellent, yet gentle and effective exfoliant. Its density and harder structure provide balanced abrasive qualities, a smooth and rounder shape so not to scratch and damage good skin. It was stated that Hippocrates was also an advocate of this precious material because of its many health benefits.*
