

PURE ESSENCE LIFT

SKIN TIGHTENING HELIX SERUM

FIRM, LIFT AND TIGHTEN! Skin Lifting and sculpting Masterpiece. “Fix Sagging Skin and Remodel Face Contour.”

As we age, the skin degrades, loses elasticity, firmness, sags and wrinkles become deeper. Nature and advanced scientific technology developed this incredible Skin Tightening Helix Serum.

Intensely nourishing that plumps, lifts and firms the appearance of skin to visibly sculpt and redefine lost contours.

The tightening scientific technology is a blend of Acacia Gum biopolymer and the finest anti-aging, moisturizing and reparative wonders of Snail Mucin, it provides an age defying, skin lifting masterpiece. Firmness and elasticity are restored for a visibly re-plumped and re-contoured shape. It generates an instant visual facelift effect while improving skin firmness, texture and elasticity.

1.0 oz. / 30 ml + \$70.00

- Follow with your moisturizer.

Ingredients and benefits:

Snail Secretion Filtrate (Helix Aspersa Muller Glycoconjugates), Aloe Barbadensis Leaf Extract, Hamamelis Virginiana (Witch Hazel) Extract, Humulus Lupulus (Hops) Extract, Lavandula Angustifolia (Lavender) Extract, Calendula Officinalis Flower Extract, Glycyrrhiza Glabra (Licorice) Root Extract, Citrus Medica Limonum Peel Extract, Arctium Majus Root Extract

- Acacia Gum Lifting ingredient; from the stem and branches of the African Acacia Tree produced by a microorganism living in plant roots and mixed with a biopolymer to lift and tightens the skin.
- Snail Mucin anti-aging ingredient: Snail Mucin is known for its hydrating, moisturizing, healing, regenerative and age-defying beautifying properties. It regenerates the skin by inducing the proliferation of fibroblasts (connective tissue), increases cellular growth, heals skin more rapidly. It also reconstructs the arrangement of the skins' extra cellular matrix for smooth and uniform cellular regeneration.
- Allantoin: Symphytum Officinale (Comfrey) Leaf Extract. A natural plant extract that contains allantoin, a substance that helps stimulate the growth of new skin cells, accelerate healing and soothe inflamed irritated skin.
- Licorice Root Extract : Support Firmness.

Acacia Gum obtained from the African Acacia Tree is mixed with a biopolymer to lift and tighten the skin

Snail handlers' observed excellent moisturized and healthy hands after working with snails

Snails bubble their mucin to heal and protect themselves

Snail Mucin Discovery

The moisturizing and regenerative benefits of Snail Mucin were initially, observed while snails were being handled for their escargot culinary value. Snail breeders noticed that their hands were always moisturized and soft. Nicks, scrapes and cuts would also heal rapidly and scar free Snails bubble their mucin to heal themselves. The connection between Snail Mucin and its regenerative properties were further realized, as snails damaged by birds, have been observed bubbling this secretion over themselves in order to re-grow organs such as their eyes or mouths.
